FENCE & RAIL

Boundaries Reimagined
Crafting Lasting Solutions in Vinyl & Aluminum

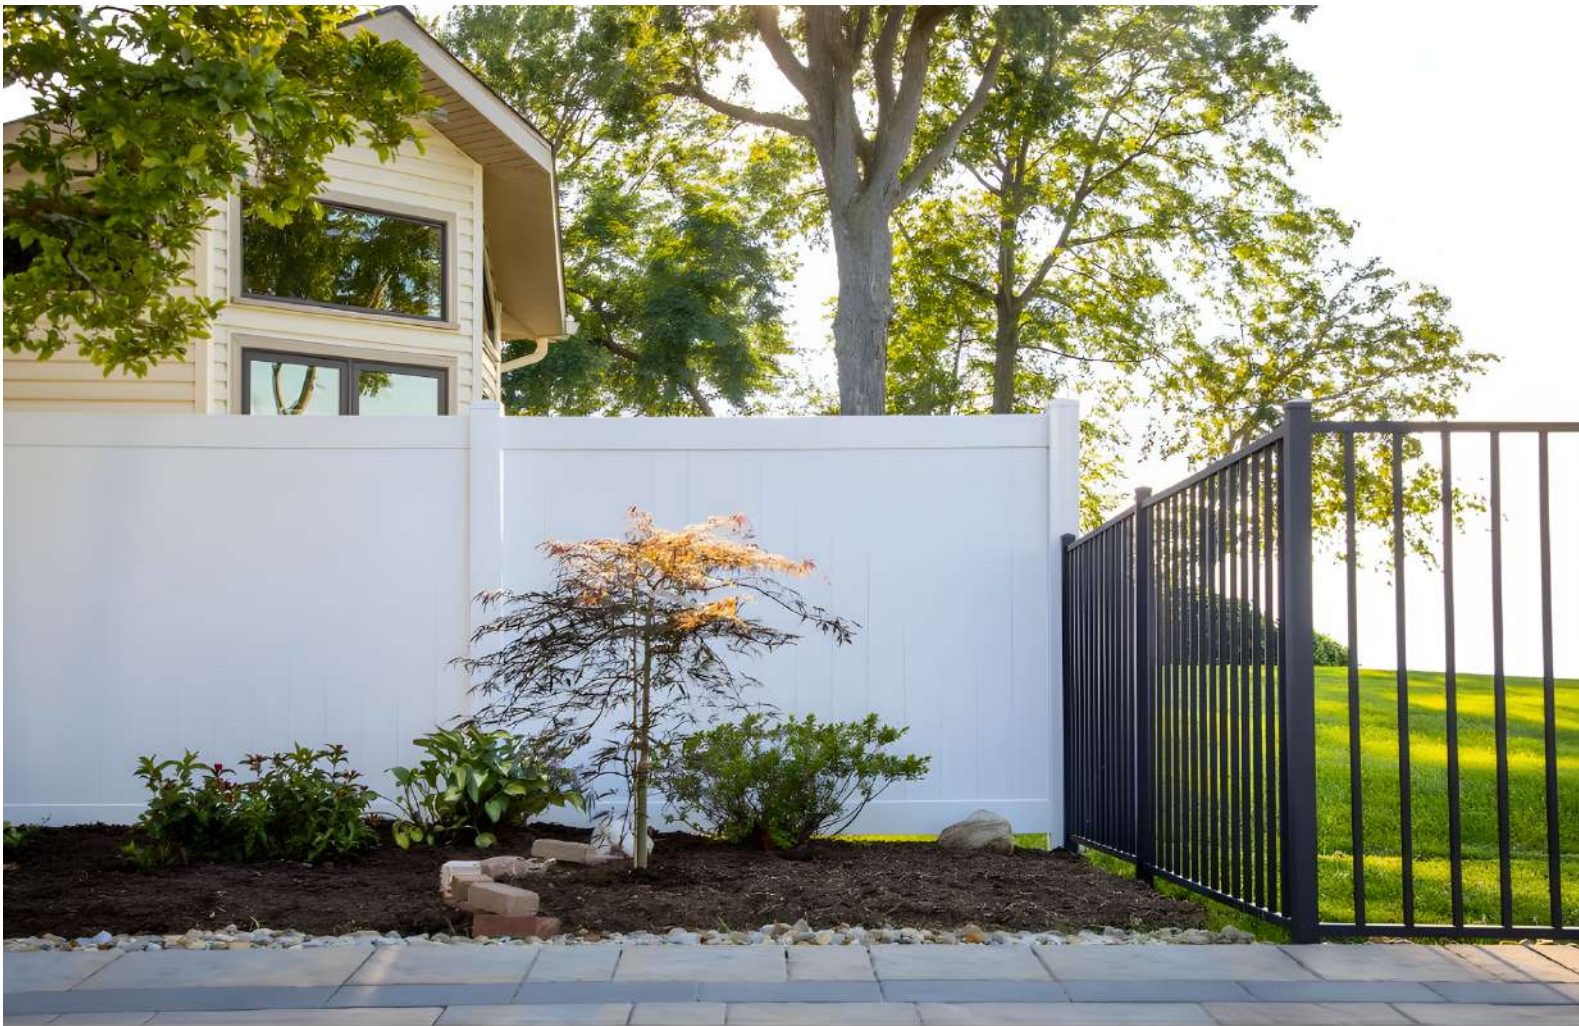

At **Capital Fence & Rail**, manufacturing is at the core of everything we do.

Our vinyl and aluminum fencing systems are produced and assembled in-house, giving **contractors and installers** the flexibility to meet unique project demands without sacrificing lead times or quality.

We partner exclusively with fence professionals, supplying durable, code-compliant systems designed for performance, consistency, and customization—from standard stock to one-off builds.

Built for contractors. Engineered for real-world installs.
